## "Espansioni

È questa la parola che abbiamo scelto per il nuovo catalogo Perenz 2017; una parola che identifica il progetto preciso di quest'anno, quello dell'ampliamento della gamma, ma che esprime anche una dinamica che è l'essenza stessa del nostro brand.

Espansioni. Perché siamo sempre **pronti ad allargare lo sguardo** per intercettare le nuove tendenze del gusto accogliendo con coraggio una sfida che ogni volta è commerciale, culturale e creativa insieme.

Espansioni. Perché abbiamo **affinato l'ascolto e favorito lo scambio con la rete vendita** per raggiungere i bisogni dei consumer e perfezionare costantemente la rosa di offerte.

Espansioni. Perché **continuiamo a percorrere il sentiero dell'innovazione** promuovendo prodotti con tecnologia LED che rispondono ad una visione etica ed estetica allo stesso tempo.

Espansioni. Perché siamo decisi a garantire una **scelta sempre più vasta e personalizzata** che soddisfi le necessità di una clientela eterogenea e diversificata.

Espansioni. Perché abbiamo **ampliato la facilità di fruizione** del catalogo con una rubricatura che permette una rapida individuazione delle famiglie di prodotto.

Ogni articolo scelto da Perenz è figlio di un'analisi complessa che risponde ad attenti criteri selettivi. E ogni proposta, da 55 anni, non porta solo nuova luce ma anche nuove illuminazioni.

Buona visione."

*Massimo Perenzin*

## "Espansioni

This is the word we have chosen for the new Perenz 2017 catalogue; a word associated with the precise project for this year to extend our range and express a tendency that is the very essence of our brand.

Espansioni. Because we are always **ready to broaden our vision** in order to grasp new trends in style, courageously accepting a challenge that is not only commercial but also cultural and creative each time.

Espansioni. Because **we have refined our listening skills and encouraged interaction with the sales network** to meet consumer needs and continuously perfect our range of offers.

Espansioni. Because **we continue to follow the path of innovation**, promoting products with LED technology that meet both ethical and aesthetic requirements.

Espansioni. Because we are determined to guarantee **an increasingly broad and tailor-made choice** that meets the needs of a varied and diverse clientele.

Espansioni. Because **we have made the catalogue easier to use** by including an index that allows quick identification of product families.

Each item chosen by Perenz is the result of a complex analysis that meets careful selection criteria. And for 55 years, each solution has not only been bringing new light but also new illuminations.

Enjoy browsing."

## LEGENDA KEY

Questa icona indica le dimensioni del ventilatore.  
This symbol indicates the size of the fan.

Questa icona indica la potenza motore in WATT del ventilatore.  
This symbol indicates the power of the fan engine in Watts.

Questa icona indica il voltaggio del ventilatore.  
This symbol indicates the voltage of the fan.

Questa icona indica i giri massimi per minuto del ventilatore alla massima velocità.  
This symbol indicates the maximum revolutions per minute of the fan at its maximum speed.

Questa icona indica i livelli di velocità del ventilatore.  
This symbol indicates the speed levels of the fan.

Questa icona indica la quantità d'aria movimentata al minuto in metri cubi.  
This symbol indicates the quantity of air being moved per minute in cubic metres.

Questa icona indica il grado di inclinazione massimo per l'installazione del ventilatore su un soffitto inclinato.  
This symbol indicates the maximum degree of inclination for installation of the fan on a tilted ceiling.

Durante l'inverno, grazie alla reversibilità del senso di rotazione, il ventilatore ricircola l'aria calda vicina al soffitto e la ridistribuisce nell'ambiente risparmiando il consumo del riscaldamento. Durante l'estate il ventilatore abbassa la temperatura fino a 5 gradi, creando una piacevole brezza. Se usato insieme ad un condizionatore il ventilatore da soffitto permette di risparmiare fino al 40% del consumo del condizionatore. During the winter, thanks to the reversibility of the direction of rotation, the fan recirculates the warm air close to the ceiling and redistributes it into the environment while saving heating consumption. During the summer the ceiling fan lowers the temperature up to 5 degrees, creating a pleasant breeze. If used in conjunction with an air conditioner, the ceiling fan can save up to 40% of the consumption of the air conditioner.

# WHAT'S NEW?

2018

## TRA CONTINUITÀ E INNOVAZIONE

Questa raccolta è figlia di una visione che guarda al futuro con lucidità e coraggio: da una parte una selezione di **prodotti di continuità, già ampiamente apprezzati e consolidati sul mercato, dall'altra una gamma di articoli dalla vocazione più sperimentale, destinata a tracciare la strada del cambiamento.**

La rosa di proposte che troverete in queste pagine è il **risultato di un'attenta analisi** che ha coinvolto tutti i principali attori commerciali: fornitori, agenti, rivenditori hanno collaborato con noi attivamente per delineare, in ogni prodotto, quella **sintesi** perfetta tra **estetica, qualità e sicurezza** che è diventata ormai la firma di Perenz. Ma **l'innovazione rimane sempre l'aspetto più importante**, ed è lì che vogliamo continuare a sorprendere.

Cosa c'è di nuovo? Ecco dove ci ha condotto la nostra ricerca: **nuove forme**, pure ed essenziali, che valorizzano la geometria della linea in tutta la sua potenza comunicativa; **nuovi accostamenti di texture e colore** per aprire i nostri orizzonti sensoriali; **nuove tecnologie**, come il LED, perché la luce possa continuare a comunicare con le nuove frontiere della ricerca; **nuove funzionalità** che reinventano gli spazi della quotidianità secondo criteri di utilità ed economia; **nuovi elementi coordinati** affinché l'illuminazione rappresenti un concept sempre più espandibile e declinabile; **nuove modalità di customizzazione** con soluzioni componibili che permettono di personalizzare gli ambienti.

Non resta che lasciarvi alla degustazione di questa prima entrée di cui andiamo già orgogliosi.

## BETWEEN CONTINUITY AND INNOVATION

This collection is the result of a vision that looks to the future with lucidity and courage: on the one side a selection of ongoing **products, already widely appreciated and consolidated in the market, on the other side, a range of articles with a more experimental inclination designed to trace the path of change.**

The list of proposals that you will find in these pages is the **result of a careful analysis** that involved all major commercial players: suppliers, agents, retailers have actively worked with us to outline in every product the perfect **synthesis** between **aesthetic, quality and safety** that has become the distinctive feature of Perenz. **But innovation is always the most important aspect**, and that's where we want to continue to surprise.

So, what's new? Here's where our research has led us: **new**, pure and essential **shapes** that enhance the geometry of the line in all its communicative power; **new texture and colour combinations** to open our sensory horizons; **new technologies** such as LED, in order for the light to continue to communicate with the new frontiers of research; **new features** that reinvent the spaces of everyday life according to usefulness and creative economy; **new items coordinated** so that the lighting represents an increasingly expandable and adjustable concept; **new ways of customization** with modular solutions that allow you to tailor-make the environments.

All that's left is to let you taste the first entrée of which we are already proud.

# CROSS

**Linea che esplode in tutta la sua purezza geometrica, sezioni multiple e piani sovrapposti dividono lo spazio. Il risultato è una rigorosa illusione prospettica che chiede il tempo per la contemplazione.**

A line that bursts in all its geometric purity; multiple sections and overlapping planes divide the space.

The result is a rigorous perspective illusion that asks to spend time in contemplation.
