control included

Nella confezione sono incluse due aste di prolunga (12/25 cm). Le aste di prolunga presenti a pag. 41 non sono compatibili con questo modello di ventilatore - Into package are included two extension rods (12/25 cm). The extension rods on p. 41 are not compatible with this fan model.

## focus

**Il modello OPEN+ quando è spento sembra una plafoniera a soffitto ma se si accende la funzione ventilazione fuoriescono le pale in acrilico trasparente.**

The fan model OPEN+ when turn off looks like a ceiling light but if the ventilation function is turn on the transparent acrylic blades come out.
