

## CESTAL00046

Profilo a sezione rettangolare da utilizzare in applicazioni dove è necessaria una buona resa luminosa andando al tempo stesso a contenere gli ingombri quali ad esempio illuminazione integrata all'interno di armadi o mensole espositive. Gli accessori consentono l'installazione sia a plafone che ad incasso in fresata. Le differenti tipologie di coperture disponibili consentono la creazione di differenti effetti luminosi in base alle esigenze progettuali.

Rectangular section profile to be use in applications where a good light output is required while at the same time containing the overall dimensions such as lighting integrated into cabinets or display shelves. The accessories allow both ceiling and recessed installation in milled areas. The different types of covers available allow the creation of different lighting effects according to the design requirements.

Profilo adatto per la realizzazione di prodotti che hanno ottenuto la certificazione UL Listing di conformità ai requisiti di sicurezza per USA e Canada.

Profile suitable for the realization of products that have obtained the certification UL Listing for compliance with safety requirements for USA and Canada.
